Summer School Tutoring '2008-2009'

Dear Parents:

If your child receives a U as a final grade for any core subject, your child must attend a summer school program or tutoring in that specific subject area for a total of thirty six (36) hours. If your child receives a D as a final grade, we highly encourage remediation during the summer.

At the end of summer, please have the tutor submit a summary letter entailing subject area reviewed, number of hours, and student's overall progress. If your child attends a summer school program, please have the school forward your child's final report to our school counselor, Mrs. Metcalf.

We have attached a few resources for your convenience. You may contact the counselor's office for any further questions or e-mail Mrs. Metcalf at dcametcalf@yahoo.com.

Thank you for your cooperation.

God bless you.

Sister Cecilia
