

# ***DIVINE CHILD SUMMER SCHOOL PROGRAM***

March 23, 2010

Dear Parents,

Our school year is winding down and it is apparent that some of our students need extra help with math over the summer. If you feel that your child is one that could benefit from summer school tutoring this year, please feel free to contact me.

If you would like to enroll your child in this program, please fill out the bottom portion of this form and return it to school. The program will start Monday, June 14th, and continue through Thursday, July 1st. Attendance on all days is required. It includes students from grade 4 through grade 7. The hours will be from 9:00-12:00 and the cost will be \$375 per child. All materials will be included. I will cover addition, subtraction, multiplication and division of whole numbers as well as fractions, decimals, place value and computation. Back to the basic skills will be the theme.

I am looking forward to hearing from you and helping to prepare our students for a successful new year.

Sincerely,

  
Mrs. P. Cousineau
